REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2011-2012 school year at Gaffney High School was a successful one. The senior class was the first to begin its high school career at our Freshman Academy. They were the largest graduating class in recent history and garnered \$11.1 million in scholarships. Many will be continuing their education in state and as far away as Massachusetts. They have set the bar high for those who follow. Students received accolades across the curriculum. More classes participated in the National History Day competition. Six groups qualified to present their research at the state competition and one group was selected to go to the national event in June. Several of our photography, art and English students won awards in the Conservation League contest and were celebrated at their annual picnic. Our Green Teens student organization designed and built a medicine wheel (in keeping with our mascot, the Indian) at the front of the school campus. They planted native herbs and other flora that were used in traditional medicines. This group was also instrumental in weekly recycling efforts throughout the school.

Our school-wide theme for the 2011-2012 year was "The Amazing Race". Many classrooms added "...to Graduation" and focused lessons on skills and benchmarks for attaining that goal. While students pursued their race to the future, members of the faculty worked towards educational goals of their own. Many took advantage of on-line courses for recertification or advanced degrees. Our advisor-advisee program, PowWow, gave students the opportunity to learn more about important issues facing many of them. These ranged from bullying to academic planning to appreciating diversity. Drama students in cooperation with our broadcasting classes were instrumental in the production of these programs. The boys' basketball team won its fifth State Championship since 2003 this winter.

Looking toward the future while enjoying the present and cherishing the past has served us well this year. The future is bright.

Marlene Davis, Principal
Antoinette Gardner, SIC Chair
